To whom it may concern,

I am a mother of 5 + a wife.

We had extensive damage from the 3 hurricanes that hit here in Florida - Charley, Jeanet + Frances. Our insurance company gave us some money. We had

other damage - mold, ruined carpet, broken screens, kitchen cupboards falling down,

+ other things. We were referred to

Rick Debert at BCT group. He worked with our insurance company. We got

so much more money to do everything we needed. It was such a blessing.

I heartily recommend Rick Debert and the BCT group.

Sincerely,
